

DEAL OR NO DEAL

Bowling League

At Diablo Lanes - Concord

Thursday's at 7pm

Meets: February 18th, 2010 – 6:30pm

Starts: February 18th, 2010 – 7:00pm

Cost per week: \$20.00

16 weeks + Sweeper

Teams will be 3 bowlers per team

Handicap 90%

Here is how it works:

There will be ONE BOWLER per week that will be the lucky person who will pick a numbered box 1-10. The other boxes left over will be randomly drawn just like the TV show DEAL OR NO DEAL until we are down to 2 boxes left. As we go we will open each box to see what the value of the box is and offer a DEAL OR NO DEAL to the nightly contestant. Any money not won by the contestant will be placed into a end of season fund and every bowler will receive a box and will choose based on what place your team finishes. The 1st place team will pick 1st, 2nd place team 2nd and so on until we have NO BOXES left. Every box will have a \$ amount in it and depending on the amount that goes into the end of season kitty we could have 1 large winner of several hundred dollars. Based on 10 teams of Trios (30 bowlers) there would be a chance to win \$150 per night by 1 lucky nightly winner. We will have 16 weeks of winners guaranteed. At the end of the league on our sweeper night there will be 30 winners all together. It will be a fun and exciting new way to bowl league each week.

Based on 10 Teams of Trios we would offer 16 chances to win \$150.00 Each week to 1 lucky winner. Let's say the average prize ends up being \$50 per week. The other amount of \$1,600.00 would go into a season ending prize fund for everyone to share

and pick a box number and win a prize of some value. The values would start at \$20 and go up to \$200 or more.

Deal or No Deal

Breakdown: Based on 10 Teams

Weekly Fees: \$20.00

House Lineage: \$13.00

Team Prize Fund \$2.00

Deal / No Deal PF \$5.00

1 Time Awards fee \$5.00 to pay Individual awards at \$18.75 each

Based on 30 bowlers (10 Teams of Trios)

16 weeks x 30 x \$2.00 = \$960.00 Team Prize Fund

16 weeks x 30 x \$5.00 = \$2,400.00 Deal / No Deal

1 week x 30 x \$7.00 = \$210.00 Sweeper Fund

The way each week works:

Weeks 1 to 16 we will randomly pick 1 lucky person out of a hat and this bowler would be our weekly contestant. They will choose one of our boxes which will contain dollar amounts ranging from \$5.00 to \$150.00.

The other left over boxes then will be selected by our contestant each round until we are down to 2 boxes left. Round 1 = 3 boxes Round 2 = 2 boxes

All other rounds will be 1 box to pick until we have a deal.

Our Deal Host each round will determine a dollar amount to offer our weekly contestant and ask them if we have a DEAL or NO DEAL.

If our contestant lets say wins \$50.00 from the drawing or DEAL the remaining amount of \$100 (based on 30 bowlers) would go directly into a kitty which will be split into 30 boxes of dollar amounts ranging from \$20 to \$250 or more.

Based on 30 bowlers and an average of \$100 per week being placed into the kitty there would be \$1600.00 in the end of season prize fund.

There would be as follows: winning totals will vary depending on the sum That is placed in the kitty each week.

1 \$225 winner	1 \$70 winner	Team Prize Money based on 10 Teams			
1 \$150 winner	1 \$60 winner	1 st Place	\$210	6 th Place	\$75
